

Jiahui Chen

chenjh99@bit.edu.cn ; chenjiahuicjf@163.com

5 Zhongguancun South Street, Beijing 100081, China

Interests:

Energy and Environmental Economics; Climate Policy; Energy Transition; Energy and Climate Justice; Development Economics

Education

Ph.D. candidate in Economics, Beijing Institute of Technology 2021.09 – Present

Major: Energy and Climate Change Economics, School of Management/ Center for Energy and Environmental Policy Research, BIT

Visiting researcher at Sanford School of Public Policy, Duke University (US) 2024. 10 – 2026.02

Major: Energy and Environmental Economics. Visiting as a joint-PhD candidate supported by the China Scholarship Council.

Bachelor of Management, Beijing Forestry University 2017.09 – 2021.09

Major: Agricultural and Forestry Economy Management, School of Economics and Management

Academic Achievements

Working Papers:

- [1] **Jiahui Chen**, Hua Liao*, Lin Zhu, Marc Jeuland. “Clean cooking fuels adoption, Time usage, and Gender equality” (*Under Review*)
- [2] **Jiahui Chen**, Weilong Li, Qiaowen Zhang, Weiwei Huang*. “Assessing the impact of the digital economy on clean energy transition in African Countries.” (*Under Review*)
- [3] **Jiahui Chen**, Zhengxuan Wang, Meeks Royben, Wumeng He, Alex Pfaff, Hua Liao. “Coal-fired power plants closure and labor mobility in China.” (*Working paper*)
- [4] Deyang Chen, Yun Tang, **Jiahui Chen**, Hongbo Duan*. “Revealing Urban Heat Adaptation Ability through the Electricity-Temperature Response.” (*Under Review*).
- [5] **Jiahui Chen**, Hua Liao*. Early exposure to clean cooking environment on children’s later human capital outcomes: Evidence from China. (*Working paper*)

Academic Conferences:

- [1] Annual Meeting of Energy Economics and Management of Yan 'an University, Energy Economics and Management Research Branch of China "Double Law" Society. Yan 'an, China (**Oral presentation**; 05/2023)
- [2] The Second Annual Conference of Chinese Association of Environmental and Resource Economists (CAERE). Beijing, China (Attended; 07/2023)
- [3] The 7th National Academic Conference on Energy, Environment Policy and Management for Youth and the 2023 Frontiers Forum on Energy Economics and Policy. Qingdao, China (**Oral presentation**; 08/2023)
- [4] The First Academic Symposium on Carbon Emissions and Sustainable Consumption. Chengdu, China (**Oral presentation**; 11/18//2023)
- [5] The 18th National Environmental Doctoral Students Academic Conference and the 2024 Graduate Students Academic Forum of the Asian University Alliance. Beijing, China (**Oral presentation**; 05/11/2024)
- [6] The 13th China Energy Economy and Management Annual Conference, and the Energy Economy and Management Research Branch of the China "Two Laws" Research Association (**Oral presentation**; 10/19/2024)
- [7] 2026 Annual Allied Social Science Associations (ASSA) Meeting, AEA meeting. Philadelphia, United States (01/03/2026 – 01/05/2026)

Reviewer of Journal & Conference Submissions

AERE Summer Conference (2025), *Energy Policy*, *Energy Economics*, *Energy*, *World Development*, *Humanities and Social Sciences Communications*, *Environmental Science and Pollution Research*, etc.

Awards & Honors:

Beijing Institute of Technology

Outstanding Ph.D. Student (Top 5%)	2024
First-Class Academic Scholarship for Ph.D. students (Top 10%)	2023
Outstanding Academic Scholarship for Ph.D. students (Top 3%)	2022

Beijing Forestry University

Outstanding Bachelor Thesis (Top 3%)	2021
Outstanding Graduates (Top 1%)	2021
First-Class Scholarship (Top 5%)	2018/2019/2020
Outstanding Student (Top 5%)	2020
Triple-A Outstanding Student (Top 5%)——an honorary title in Chinese schools recognizing all-around excellence in moral, academic, and physical development	2020

Conference

Best presentation paper in The First Academic Symposium on Carbon Emissions and Sustainable Consumption, China	2023
First Prize for the presentation paper in the CEEP Young Scholars Meeting of BIT, China	2022/2026

Ministry of Education of China

National scholarship for undergraduate student (Top 1%)	2020
---	------

China Scholarship Council (CSC)

Chinese Government Scholarship for High-Level University Graduate Program (Top 1‰)	2024-2026
--	-----------

Beijing Competition Committee

Outstanding Prize in the "Challenge Cup" National College Students' Entrepreneurship Competition, (Top 1‰)	2021
Special Prize in the National University Students' E-commerce "Innovation, Creativity and Entrepreneurship" Challenge Competition (Top 1‰)	2020
Third Prize in the Beijing College Students' Mathematics Competition (Top 1‰)	2018

Research Projects:

- [1] Postgraduate Research Training Innovation Project “Evaluation of Employment Impact and Vulnerability during the Energy Transition Process” (2024YCXY060) Holder 2024-2025
- [2] National Natural Science Foundation of China's Basic Science Center Project "Research on Energy Economy and Climate Policies" (72488101) Primary Participant 2024-2029
- [3] National Science Fund of China (NSFC) for Distinguished Young Scholars “Energy Economics and Climate Policy Research” ((No. 71925008) Primary Participant 2020-2024
- [4] Major Project of NSFC “Research on Modeling and Application of complex systems in climate economy” (72293603) Primary Participant 2022-2027
- [5] Key Project of NSFC “Coordinate research on carbon peak and carbon neutrality aligned with economic and social development” (23AZD063) Primary Participant 2023-2025
- [6] National Natural Science Foundation of China “Environmental impact mechanism modeling and benefit assessment of electric vehicle subsidy policy” (72203020) Primary Participant 2022-2024
- [7] Postgraduate Research Training Innovation Project “Research on the impact of climate change on the health of older age groups” (2023YCXY057) Primary Participant 2023
